

*PROSTAR* ★  
**THE BEST.  
NOW BETTER.**

For 2021, we've taken everything you've come to love and expect from the ProStar—its impeccable wakes and exclusive DNA—and designed it with thoughtfully integrated features that cater to the skier, driver and crew. You wanted more attention to detail—and we delivered.

## THE BIG FIVE

### 1. WAKES

The ProStar pull you know and love.

### 2. TRACKING AND STEERING

New hull rails and added tracking fins make this the easiest driving ProStar ever.

### 3. COMMAND CENTER WITH 10" TOUCHSCREEN

An optimized helm experience with the driver in mind — a larger screen, more comfort and enhanced drivability.

### 4. CONSTRUCTION PROCESS

Advanced construction methods allowed for a total deck redesign resulting in the most functional, quiet and solid ProStar ever.

### 5. COMFORT AND USABILITY

Legacy features you've come to expect with thoughtful additions to improve the driving, riding and skiing experience.

**PRICE STARTING AT \$74,995**

Includes trailer and stereo system.  
Excludes taxes, freight and prep.

PROSTAR ★

# 25 DETAILS THAT DELIVER

## WAKES

1. Wakes at any speed or line length are still the best in the industry.
2. MasterCraft quality and ProStar legacy you expect.

## TRACKING & STEERING

3. Hull rails, proprietary technology that make for the best tracking ever.
4. Four fins for superior tracking.
5. Tunable rudder for a customized steering experience.
6. Elimination of steering clevis creates direct connection for more responsiveness.
7. Course driving features for a more precise boat path.

## COMMAND CENTER

WITH 10" TOUCHSCREEN

8. 10" screen featuring new 3 event software and matte display finish.
9. Stereo comes standard with completely integrated controls.
10. Minimalistic low-profile helm with non-reflective black top.
11. Steering wheel centered on driver and improved driver seat adjustments.
12. Increased storage for the driver and convenient phone holder with wireless charging station.
13. Battery switch more conveniently located.

## CONSTRUCTION PROCESS

14. New tub deck design and steel yoke provide less flex and creates a quieter, sturdier ride.
15. New pylon mounting system integrated into the hull and deck lock the pylon in place.
16. Redesigned motorbox provides larger forward intake vents and increased airflow in and out for better engine performance.
17. New motorbox channel creates a better seal and quieter ride.
18. Larger 32 gallon fuel tank.

## COMFORT & USABILITY

19. Modular seating features in the bow and aft including removable seating and judges seat with flip down walk-through.
20. Interior comfort customization—Flooring (SeaDek, Decadence, carpet or fiberglass non-skid) and exclusive vinyl options like CoolFeel.
21. Bimini, tower and windshield integration.
22. Seamlessly integrated jump switch wire for easy access and a cleaner look.
23. Ski racks integrated into the deck design
24. Rear storage lid design now opens to the side for easier access where you are in the boat or on the platform.
25. Lower swim platform for effortless access from the water, your dogs will thank you.
